14	FELLOWSHIP	104*	18 - 14 - X	48	Decker / Rose

ARMY MULE looked potentially top class when beating subsequent winner Harryhee very easily by 7 ½ lengths in an allowance heat over 6 furlongs at Gulfstream Park in January. He had plenty in hand, returned Globeform 119p, and finished the race of in the manner of a horse that will appreciate today's step up in distance. Army Mule, who was a late foal, was unraced as a juvenile and he ran just once as a 3yo last term, when he won a Belmont maiden by 8 ½ lengths from Zap Zap Zap. Patience is about the be paid off with this talented sprinter.

Please adjust Globeform ranking figures to any overweights by adding the overweight to ranking figures. See explanatory notes for more.

**** Green Gratto** ran to GF 114 to win the Carter last year, when he also produced GF 111 on his subsequent start, but GF 106 is his best rating from nine runs since

***** Spartiatis** ran to GF 112 in the Tom Fool, March 2017, but has not been better than GF 102 in any of his six races since. He joined Rodriguez this winter and this will be his third run for the barn.

?	CATCH TWENTY TWO	?	? - ? - ?	1for2	Chatterpaul / Reyes

ENTICED, whose winning form in last year's Kentucky Jockey Club is beginning to work out well, was visually impressive as he won the Gotham Stakes over this course last month, taking the mile event by almost three lengths from **Old Time Revival**, while being geared down and hard on the bridle passing the winning post. Another step forward will make him hard to beat here.

Please adjust Globeform ranking figures to any overweights by adding the overweight to ranking figures. See explanatory notes for more.

MISS SUNSET, a progressive filly from California, tops the rankings here, in what is rather an open looking and competitive event. She performed to GF 110p when beating Cuddle Alert by 2 ½ lengths in the Spring Fever at Santa Anita in February, and improved to Globeform 118p to outclass that same rival by 7 lengths in the Irish O'Brien at the same venue in March. These two races were over 6 and 6.5 furlongs and Miss Sunset is quite speedy, but she has been strong at the finish, she is 2-for-3 over 7 furlongs, and today's trip should not be a problem.

Please adjust Globeform ranking figures to any overweights by adding the overweight to ranking figures. See explanatory notes for more.

GOOD MAGIC is a clear number one in the Blue Grass. Having performed to an impressive Globeform 125p to win the Breeders' Cup Juvenile on only his third lifetime start, he ran a decent enough race when third to Promises Fulfilled in the Fountain of Youth Stakes on his comeback. Good Magic ran to GF 111+ on that occasion. He will be a lot sharper here, he is open to further improvement, and he is impossible to oppose.

45p	ORBIT RAIN	80p	X - 70 - 45p	1of3	Ruis / Blanc

BOLT D'ORO or **JUSTIFY**? Hard to pick between them. Bolt d'Oro has the best form in the book, but he has also had much more racing - and Justify ran to Globeform 112p already on his lifetime debut. Very, very few horses produce debut form like that. This is a surefire exacta, though which name will be at the head of it?

Please adjust Globeform ranking figures to any overweights by adding the overweight to ranking figures. See explanatory notes for more.

8	INSTANT REFLEX	101	8 - 10 - 17	42	Cassidy / Espinoza

BEAU RECALL is set for her seasonal debut and it's not an easy spot - but her form in last year's Del Mar Oaks, when she was beaten a nose by Dream Dancing, makes her the one to beat at these weights. An ex-Irish runner trained by Simon Callaghan, Beau Recall has shown quite game and consistent form here at Santa Anita, and she could well improve as a four-year-old.

ANALYZE IT - the best turf juvenile trained in the US last year - will almost certainly be odds-on as he makes his seasonal debut in the Transylvania. Not much of a betting proposition perhaps, but one it's simply impossible to oppose. He ran to Globeform 112p when outclassing a decent field over a mile at Del Mar last fall and is probably capable of around GF 120. Trifecta with him over a few of those closest to him in the ranking makes sense. Read more about Analyze It, and his pedigree, in a feature on the website.

EXPLANATORY NOTES

Rank (ranking): Horse best in at the weights (compared to Globeform ratings) is top ranked with rank figure "0" (zero), and all others ranked down in pounds (lbs), i.e. "3" rank means that the horse is 3 pounds worse off than the top ranked horse. The higher the 'rank figure' the worse off the horse is in this race - based on previous form.

Globeform (GF): The horse's best Globeform rating. In cases where it is relevant two GF ratings may be given (i.e. 119 / 114) and this means that the horse has run to GF 119 in the past but it's a long time ago, and the best rating in his more recent form is GF 114.

Rank past 3 runs: How the horse would be ranked in this race based on his three most recent runs (from left to right). For example: "0 - 4 - 7" would tell us that the horse is top ranked and ran to his best GF rating three starts back ("0") but ran 4lbs below that form on his penultimate race and 7lbs below on his most recent start. This column shows whether the horse is consistent, whether the horse has good recent form, and whether the horse has been progressing / regressing in his most recent races. "X" = ran too badly to get a rating.

Top3: Each horse's top three % strike rate - used only for horses with six runs or more. For horses with fewer runs info given like '3for5' = 3 times in top three from 5 runs.

Overweights: Globeform ratings are expressed in pounds (lbs). Globeform rankings are based on Globeform ratings compared to riding weights. In cases of overweight, add the overweight to the Globeform rank figure. For example; The Big Horse has ranking figure "2", telling us that he is ranked 2lbs below the top ranked horse - but when changes are announced The Big Horse is set to carry 2lbs overweight. His new GF rank figure becomes "4" (2+2).
