

# GLOBEFORM'S 2020 MEMBERSHIPS

**Globeform subscribers,**

**My Globeform service has changed in 2020, with Memberships of 3, 6 and 12 months offered.**

This change makes the service even more exclusive. Based on long term commitment to the subscribers, it will be more comprehensive, it will offer a 'seasonal overview' and it should be a lot more interesting. This new service will also mean that subscriber numbers drop – which has its advantages, as it will be easier for all of us to place bets at good value odds, without a larger number of smaller players causing the prices to contract. These will be the only subscriptions offered in 2020. It will no longer be possible to purchase single meetings / racedays, like Kentucky Derby Day, Royal Ascot, Breeders' Cup etc. View this as club membership, not just an international raceday service.

With long term memberships, it will also be possible to alert subscribers to very early value bets – in particular for the Breeders' Cup, but also for events like the Dubai World Cup day, Kentucky Derby day and Royal Ascot. As an example, I backed Bricks and Mortar at 14-1 for the Breeders' Cup Turf already in June, and took 12-1 about Mitole for the B Cup Sprint at about the same time. These are exceptional cases but more and more bookmakers offer early odds to international races these days, and they do make mistakes.

With a smaller number of subscribers, who all take betting seriously and stay loyal to the service, I will also try to form Pick 6 syndicates from time to time, when there are big jackpots and mandatory payouts on racedays where I know that we have an edge. In other words, this will not be done at, say, tracks like the Tampa Bay Downs, Parx or Delaware Park. It will only be done at high profile tracks – on days when stakes races are dominant – and it will not be done all that often. To know that I have subscribers willing to join in when an opportunity presents itself, makes it easier for me to spend time on investigating whether a big pot is worth going for or not. Most players skip that stage and dive right in, tempted by the carrot, without even asking themselves 'do I have an edge here and if so, is that a strong edge'? (Not being selective = not being successful).

The service will focus on **20 top class racedays** over a 12-month period, supported by regular newsletters with *Notebook horses* and value bets when these are spotted. The keys to successful betting are thorough research, good ratings, discipline and patience. It is perfectly possible to make a profit in the long run, both when betting with bookmakers and when betting in the US pools. There will be some losing days but the end of season result is what matters.

**The race analyses and previews** will not be presented in the exact same format as in previous Breeders' Cup, Kentucky Derby Specials etc.

All information will be presented in text / pdf format. This is what you get:

- Ranking of runners in selected races
- Globeform ratings (best GF and GF last three runs)
- Past three winners of the race, with GF achieved
- Selections (A, B, C / D-ranks)
- Recommended bets (both bookmakers' odds & US pool bets)
- Early value bets when spotted

### **REGULAR NEWSLETTERS: NOTEBOOK HORSES etc.**

Globeform Newsletters with analyses, *Notebook horses* etc. also part of the service.

Additional email alert will be sent when a Notebook horse is set to run. Notebook horses are horses noted in races, normally young, unexposed runners, that I believe will make significant improvements on their next start, or next few starts, and are likely to offer good value in the betting.

### **MEMBERSHIP SUBSCRIPTION FEES**

3 months: £400 (£133 per month) / \$516 (approx.)  
6 months: £600 (£100 per month) / \$774  
12 months: £1,000 (£83 per month) / \$1,290

*Subscribers are  
protected by PayPal's  
terms and regulations*

12-month members can cancel after the first 90 days of their subscription and get a £650 refund, which means that they will have paid max. £116 per month for the three-month period if they cancel.

### **This service will be restricted to max 20 members**

I am not interested in signing up more than 20 members, for two reasons; because I like to communicate with members, exchanging ideas and information, and because – as mentioned above – fewer subscribers means that we stand a much better chance of securing value bets – healthy profits, making the service sustainable. Please contact me directly via [globeform@gmail.com](mailto:globeform@gmail.com) if you have any questions.

*Best regards,*
