Globeform ratings are expressed in pounds. **The "Rank" column** shows the horse best in at the weights based on Globeform ratings on top, with other horses ranked down in pounds. For example; rank figure 6 tells us that the horse is 6lbs below the top ranked horse. Length values: 5-6 furlongs: 3lbs per length. 7 fur: 2.5lbs. 8 - 11 fur: 2lbs. 12 fur: 1.5lbs

Globeform rating with a "p" attached = this was the horse's best rating to date and the horse is likely to improve.

Globeform rating with a "+" = this was not its best rating but the horse ran better than the rating suggests.

GETTING TO GRIPS WITH KEENELAND Dowager Stakes solved last week

MALIBU SMART has improved markedly since being stepped back up to 12 furlongs in her last two starts, which resulted in solid wins at Saratoga and Kentucky Downs in August, and this Mike Maker trainee definitely needs attention in the Dowager. It is a step up in class but she's not far off the top names on ratings and she comes here off a career best effort. After beating Trading Strategy and next out winner Midnight Concerto quite easily at the Spa Malibu Smart went on to an even easier success at Kentucky Downs less than three weeks later, outclassing National Archive to come home 4 1/2 lengths clear. Calamity filled third and Mambo Queen checked in fourth place. Mambo Queen was beaten 7 lengths and she went on to run third to **SNIPSNIPPITYSNIP** at Churchill Downs, beaten 5 3/4 lengths on that occasion (Calamity was eighth in the same race). Formlines to Malibu Smart's race at Saratoga are also quite positive. She raced prominently at Kentucky Downs but was ridden with more restraint as she won from just off the pace at Saratoga, and she fits well into this contest. **Morning line 15-1 looks too big** about this horse.
